HONGKONG, NOVEMBER 20TH, 1878.

Tuz discussion at the Legislative Council on Monday opened up many questions, but we propose to-day to confine our attention to the subject primarily before the Council, that of gaol extension. The Surveyor-General laid four carefully prepared alternative the "Benjamin Aymar" Rock, situated near the schemes upon the table, and entered into N lucid explanation of them. Each of the first three projects would be well worthy of consideration if the Colony required a new gool, at St. Andrew's Hall to morrow night. Among but it has yet to be shown that any such the items on the programme is the celebrated necessity exists. There is a general consensus of opinion as to the excellence of the existing building and the undesirability launching into fresh and needless expenditure in this direction. While, however, objecting in tolo to any new prison being erected, it is only right to give due attention to the various, which Singapore, Labuan, Sulu, Manila, Yekoschemes. Mr. Price lays before us two plans for reconstruction and extension of the gaol on the existing site, which he names respect miles, which occupied 343 days at sea, for the tively the High Level and the Low Level greater part under canvas alone. As a remarkprojects. The former which consists in the has occurred on board during the voyage, and extension of the gaol up to Caine Road, that all the erew have returned to Kiel in good taking in Chancery Lane and the buildings lying between it and Caine Road, is estimated by Mr. Peice to cost \$150,940. The Low. Menmuir, Captain J. W. B. Darke, R.N.R., ar. Level scheme would involve the demolition experienced some very heavy weather from north of the present Police Barracks, the site of of the Philippine Islands to port. Across the which would be utilised for the extension tremendous sea mining. The gale commenced of the gaol westward. New Police Bar from the N.N.W., and gradually vected racks would have to be built elsewhere, on round to the N.E., the ship rolled and laboured ta site to be purchased. This necessarily On the 17th instant a heavy sea swept over the enhances the cost of the Low Level project, vessel, breaking the foremost davit of the port which is estimated at \$195,700, or \$45,000 cutter, and the boat was carried away. On the more than the High Level schome. The ther continued to improve as the vessel ap. latter is open to many serious objections, proached the land. some of which we have already pointed out. The extension of the gaol to Caine Road would depreciate the value of the property in the vicinity, and the levelling required would be most expensive owing to the steep character of the ground. Such outlay. Before THE ACTING CHIEF JUSTICE HON. is also very much more than the Colony can afford to spend on criminals, and this objection applies, of course, with still greater force to the Low Level scheme. The Stonecutter's Island scheme though actually not quite so exponsive as the other two, the estimate for it being \$133,200. would eventually prove the most costly of all, awing to the necessity for having steam communication with Victoria, the employment of additional guards, and the maintenance of a house of detention here: We Inn. The prisoner slept upon a sofa in the sit- consequently, I did not. My stamp, however, have little faith in any plan for making the ting room, and the prosecutor slept in the same | was appended to the one drawn up by ---Gaol self-supporting. The labour of the convicts can be made remunerative to a cer- other by a corridor. On the morning of the supplying bains to would be graduates who were tain extent, but gool establishments are 17th ultimo, the presecutor went into his room; provided with none by nature. They they steered northwards, and struck The Finke, ninety miles off Dalbousie Springs, and have since been examining the quality north of the 20th parallel. They found

a total absence of surface water cast. Tae Attel arrived at Cooktown last night. She miled thence this morning. She brought even passengers from Churcday Island, who arrived there by the Conflict from Port Moresby. All are sick, and five are gone to the Cooktown hospital. The news from New Guinos is not encouraging. A party of prospectors who went up the right-hand branch of the Goldie have not returned to Port Moresty, and it is consequently thought that they are on payable gold. The mair camp at Loloki has been broken up and the party there have all reurned to Port Moresby. in consequence of an anticipated attackon them of the party now on the foldie. No communication is possible with then in the present disturbed state of the district. 150 warriors left Port Moresby about the 1st instant, for the interior, and general trouble is auticipated. The health of the people at Port Meresby is good, but there is much sicknoss up country. The beche-de-mer bonts are all doing well. Ingham had not arrived when the Conflict loft. One of the party, named John Haves, died of fever at Loloki camu.

NEW SOUTH WALES. NEWCASTLE, October 17th, The barque Southwick arrived this morning

From New Caledonia with copper co. brings news about the revolt to the effect that the military have been most successful in their operations against the insurgents. In the conflicts that have occurred the rebols have been worsted and many killed TIMONEE. October 17th.

Gold has been found within eight miles of Tinonee. It is generally believed that a payable field exists between the Burrell and the Cewarlok Ranges. Two prospecting parties are now out.

SOUTH AUSTRALIA ADELAIDE, October 14th. A telegram has been received from Robe. station that at 5 this evening a piece of board. with the word "Otago" marked on it in gilt letters, and in a state of good preservation, and a ship's bucket, have been seen six miles south of Neracrosua Buy. They apparently belonged to some ship.

The Glen Osmond ran where the other side of the Gulf, at a place called Long Spit. Asistance has been sent to her. A roto for £80,000 was carried yesteday, in the assembly, for immeration during during the current year.

There was a grand and successful demonstration at the opening by his Excollercy the Governor, of the North-West Bend Raiway today. About 250 guests were conveyed to the Bend by special train. A banquet was held, presided over by the Commissioner for Public Works. His Excellency Sir William Jervois made an excellent speech. He referred to the progress of the Murray trade, and pointed out strong each, and two hundred guns, including a that whilst in 1853 there was only onesteamer battery of Armstrongs. on the river belonging to South Australa, there were now sixty-four steamers and barges, with a carrying capacity of 5.000 tons As showing the advantages of the line to the Pend, he pointed out that five hundred bales of wool were placed on board the steamer Garonse, within eightdays of its leaving the station, sixty miles beyond Wentworth, in New South Wales. He contended that the Murray Railway Works at Victor Harbour. "One mement, Yuh. Can you explain to me steamer to break loose from the buoy about 1.30 and the outer harbour near Port Adelade, will maintenance even in the most admirably cutor was called for dinner, the money was missed. what was meant in Shanghai by the statement pm., and if she had not signalled for assistance, tend to benefit South Australia more than other projects, and will also benefit the whole of South-Riverian, when the finances of the colonies and

UNITED STATES FINANCES.

President Heyes in his speech on the 5th of

of the wer. in Angust, 1865, and amounted to \$2,757,689,571. In addition to this, it was estimated that there were enough unadjusted claims captain, mate, apprentice, and a seaman wore to deal with this great burden was one of the a result of the war. The policy adopted was to reduce the debt, and thereby strengthen the The City of Auckland, with 250 immigrants public codit, so as to refund the debt at lower relieving the country from the burden of its war debt. All who have to borrow money to carry dobts know the importance of the question of interest. The total amount of interest bearing debt at the time it reached its highest pointthe 31st of August, 1865—was \$2,381,530,294. The total annual interest charge amounted to \$150,977,697. This was on oppressive burden. For interest sione, the country was paying more than double the total current expenses of the Government in say year of peace prior to the war for the Union. With such a burden for interest, it is not strange that many believed that the debt could never be paid But, as we have seen, a better opinion prevailed. The result is that in 18 years the interest bear. ing debt has been reduced from \$2.381,530,296 to \$1.809.677.900, a gain in the amount of the interest-bearing debt of \$571,852,394. The reduction of the ambiel interest charge is \$55,796,690, or more than 50 per cent. of the \$95,181,007 now payable. If the reduction of annual interest were placed in a sinking fund at 4 per cent. interest, it would pay off the whole debt in less than 25 years. There has been another important improvement in the state of the public debt. A few years ago the bonds were largely owned in foreign countries. It is estimated that in -1871 from \$800,000,000 to \$1,000,000,000 were beld abroad, and there was then naid from \$50,000,000 to \$60,000,000 and nually to Europe for interest alone. Now it is estimated that five-sixts of them are held in the United States and only one-sixth abroad, and the interest on the debt is mainly paid at home. The burden of taxation has been reduced since 1866. the first year after the war, as follows: - Customs from \$179.046.651 to \$135.170.680, and internal revenue from \$309.226.813 to \$110.581.624, making a total reduction of \$247,521,160. The expenditure was \$357.542.675, and in 1878 is \$236.964.326, a reduction in five years of \$120.578349. The total value of exports from the United States increased from \$269,989,900 in 1868, to \$680,683,798 in 1878; an increase of \$411.293898. or 158 per cent. The total increase in the value of agricultural products exported from the United States in the year 1878 over the exports of the year ending the 30th of June, 1868, amounts to-\$278,471,282, or 86 per cent., the increase being from \$319,004,531 to \$502,475.813. The President-spoke also on the subject of the currency and concluded as follows:- "The commerce of the world is the commerce now in which we are taking part, and that is the same thing the globe around. We have with us to-day the gentleman who is at the head of the Signal Service of the United States. He is known popularly as Old Probabilities!'-(Great laughter.) He is not old, and I fear he is not always, probable,—(Renowed laughter.) But certainly, in the science of meteorology, he has gone further than any other, and what does he tell us? He says that that surmunds the globe, is one as a unit, and one. When there are very hard times in one great nation, sooner or later it goes around. We should then, base our financial system on principles and by the instrumentalities that are sanctioned and approved by the best judgment of the whole commercial world. Then, I repeat, if we want our standard of financial prosperity to be based upon sure and safe foundations, let us remember that its best scourity is an unternished national credit and a sound constitutional ourrency."-(Great and prolonged applause.)

tirely. MAILS BY THE UNITED STATES' PACKET The United States' Mail Packet." BELGIO". will be despatched on TUESDAY, the 3rd December, with Mails for Japan, San Francisco, and the United States, which will be

closed as follows :-2 r.m. Registry of Letters coases. 2.30 P.M. Post Office closes, but Letters (except for Non-Union Countries) may be posted on board the Packet with Late Fee of 18 cents extra Postage, until the time of departure, Correspondence for Non-Union West Indies except the Bahamas and Hayti), Monte Video, Paraguay, and Uraguay can no longer be sent

by this route. POSTAL NOTIFICATION. General Post Office, Hongkong, 9th July, 1878.

SIR.—An impression seems to have got abroad amongst the Mercantile Community here that correspondence from Chins for London when forwarded by Freuch Packet will reach its destination more quickly if directed via Naples than if sont via Marseilles,

I have pointed out to the senders (who have been induced to redirect their letters for the Marsoilles route) that this idea is most probably mistaken. As, however, the French Post Office Agent whom I consulted could not speak positively on the point, I have the honour to request -information as to whether I am correct in supposing that no time would be gained by sending correspondence or closed mails for Lendon to Naples instead of to Marseilles.—I have, &c., A. LISTER,

Postmaster General of Hongkong. J. Tilley, Esq., C.B., London.

General Post Office, London, 4th September. SIR.—In reply to your letter of the 9th July last, No. 478, I beg leave to inform you that advantage would certainly be gained by sending via Naples, instead of via Marseillas, the mails

for England which you office make up for conveyance by French Packet. In the ordinary course, those mails, if landed at Naples, should reach London twelve hours somer than if carried on by the Packet to Marseilles. Such being the case, I have to suggest that the mails in question should be addressed in future vid Naples. - I am &c., EDW, H. REA. The Postmaster General, &c., Hongkong.

POST OFFICE NOTICE. Mails for the United Kingdom, &c., by French, Packet

Under instructions from the London Post Office, the mails for the United Kingdom which have hitherto been forwarded via Marseilles, will henceforth be forwarded vin Naples, as it is understood that a gain of twelve hours results from the adoption of this route. As it would be extremely inconvenient to divide the mail and no practical advantage would result from doing so, all correspondence intended for the United Kingdom by French Packet will be sent via Naples, even though marked via Mar-

An impression appears to prevail that correspondence for the Mediterranean stations. Gibraltar, Malta, Cyprus, the Levant, Turkey, &c., can be forwarded only by British Packet. It can be forwarded also by French Packet, and A L G A lt AND C O M P A N Y, if so forwarded generally arrives a week earlier HOUSE AND ESTATE AGENTS. than if it had been detained for the British Mail. ALFRED LISTER, Postmaster General. General Post Office, Hongkong, Oct. 22, 1878.

POSTAL NOTIFICATION Information having been received by His Excellency Governor Pope Hennessy, C.M.G., of the entry of Canada on the 1st instant into the General Postal Union, it is notified that from that date the postage to be charged on corre-spondence for Canada will be according to the rates in force for Union Countries generally, viz .: Letter, por | oz., 12 Cents ; on via Briu-273 Supply Shipping with every necessary, of the distonly, 16 Cents, Registration; 8 Cents; or vià Brindisi, 8 Cents. Newspapers and Prices Current, 2 Cents; or vià Brindisi, 4 Cents. Books and Patterns, per 2 oz., 4 Cents; or via Brindisi, 6 Cents. All correspondence for Canada

R. ROGERS begs to announce that he is sent via San Francisco unless specially other-intends Visiting Amov and Foodhow, wise directed. Br. Command. J. M. PRICE, Acting Colonial Secretary. Colonial Secretary's Office, Hongkong, 3rd July, 1878.

The attention of owners, agents, and charterers of steamers is drawn to the provisions of The Post Office Ordinance, 1876, which comes into force on the 23rd instant.

Under the old Ordinance no notice was required of the departure of a vessel if not advertised, nor of departures for Canton or Macao. Notice is now required of any departure, though with regard to sailing ships, the old rale will practically remain in force that notice reed not be sent unless asked for. Section XXV. requires that the first notice be sent to the Post Office.

In the case of steamers plying regularly or onfixed days, notice of any change in the day or hour will be sufficient. Stamped correspondence may still be sent on board any vessel after the Mail is closed at the Post Office. The Postmaster-General takes this opportunity

of calling the attention of firms to the fact that any such words as Despatches will close at 11 A.M., added to the advertisement of a vessel are illegal Consignees' letters are exempted by law from passing through the Post Office, but no person is allowed to make collection of such let. ters for transmission under a penalty of £100 per week during which the practice continued.
